

Mangethe Digital Solutions

User Information Privacy Policy

Purpose

The purpose of this document is to specify how Mangethe Digital Solutions and its partners collect and store the email addresses and personal information of its software users.

Information Management

Mangethe Digital Solutions will ensure that user information is kept private and confidential by ensuring that user information is kept on secure servers and cannot be replicated on personal computing devices.

No user personal information will be disclosed, distributed or sold to any third party companies or organisations for marketing and sales purposes.

Purpose of storing user information

The purpose of storing personal information is to communicate with users regarding product features, information and guides. In particular, email addresses will also be used to communicate with users regarding issues with a product and provide customer support.
